

Costumed Children Crowd Arena For Hallowe'en Party

The first community Hallowe'en party in Newmarket brought a crowd to the Memorial Arena that filled it to capacity. Nine hundred bags of candy were distributed to children and though some, like one little boy, "got one bag for my sister and two for me," the figure is some indication of how the children turned out.

They were there in all sizes, from infants in arms to high school students, and each had something to contribute to the night's fun. Most were dressed in costume. There were goblins and ghosts, gypsy girls and pirates, little old ladies and bobby-soxers, and through the colorful throng slowly plodded Old Father Time with an alarm clock dangling from his scythe.

Les. Beazer, manager of the arena last year, was master of ceremonies in a pair of red striped pants which matched his beard, and a swallow tail coat. Mr. Beazer, named by the Newmarket council to organize the program, brought together school children and adults to provide a varied and humorous program.

Beginning at 7 p.m., the program continued until late in the evening, starting with the presentations of the public school pupils and ending with old time dancing. Each school was represented in the program and the veterans, the Lions club, the town council, and other groups all contributed to it.

The programs varied from choral work to a wrestling match, from a pie-eating contest to an impromptu council meeting. Prizes were distributed to the children for the best costumes.

Mayor Dr. L. W. Dales, in thanking the various organizations who had joined to make the town's first community Hallowe'en party a success, declared that it was his hope that the party would become an annual affair. "We have every reason to be proud of what the community accomplished at the arena," he stated. "We have all enjoyed ourselves. Let's do it again."

Horseshoe-Shaped Racing Plate Is Gift From England

A horseshoe-shaped racing plate decorated with the colors of the king has been received from Newmarket, England. It can be seen in a special window case prepared for it by Councilor A. V. Higginson in the window of the municipal office.

The gift came in reply to a letter of congratulation sent to the English town by the local council shortly after V-J Day. In reply from England was a letter thanking Newmarket for the assistance given during the war.

Correspondence between the two towns began when the English town wrote the local council asking its aid in raising funds for a Spitfire the English town was contributing. More than \$500 was raised here for the airplane. Since then, other forms of assistance have been given, and a friendly correspondence maintained between the two towns.

CHANGE OPENING DATE FOR DEER SHOOTING

R. C. Morrison, game and fishery department representative in Newmarket, announces that the dates for deer shooting south of the French and Mattawa rivers have been changed. The district has been divided into two zones with the upper reaches of the Parry Sound district opening on Nov. 5 and the south and east section opening on Nov. 12.

Mr. Morrison said that the re-arranged shooting season had followed complaints that the waterways were frozen before the hunting opened.

Plowmen, All Ages, Take Part In Annual Meetings

Two plowing matches held in the north end of the county last week drew good turn-outs, despite, as was the case in one instance, the poor weather. The King and Vaughan Plowman's Association held its annual matches at the Marshall Chicken Hatcheries and Sloan farms near Kettleby, last Saturday. The North York branch of the Ontario Plowman's Association held its matches on Leslie Herdman's farm, Keswick, last Wednesday.

The age of the contestants in the King and Vaughan Plowman's matches varied from eight years to 58 years. Kathleen Gibbons, nine, of Gifford, captured the Salada Special for the youngest girl plowing and came fifth in the stubble tractor in competition with 16-year-olds. At the Ontario Plowman's matches, Jim Hamilton, Ravenshoe, was youngest plowman.

Keen competition was reported on the Herdman farm with soil conditions "excellent." Competitors came from neighboring counties in large numbers to compete. Following the matches, a banquet was held at which time, Frank Marritt, Keswick, president of the North York branch, presented the prizes.

Military Camp Reaches 332 Percent Of Quota

Newmarket military camp has subscribed 332 percent of its quota of \$22,000, Lieut. Fred White, bond salesman, reported today. "There have been 362 subscriptions for a total of \$73,050," he said. "Ninety percent of the camp has subscribed to the loan."

Lieut. White attributed the heavy buying of victory bonds at the camp to the payment of gratuities. "The men consider the investment of gratuities in victory bonds as a wise one as the figures indicate," he said.

Lieut. White is confident that the camp will achieve the 400 percent mark and possibly come close to 500 percent. "At present we rank second or third in leadership among the army units in M.D. 2 which have larger quotas," he reported.

ROBERT SUTTON DIES, HAS HEART ATTACK

The death occurred suddenly, following a heart attack of Robert Sutton, Edgeley, on Wednesday, Oct. 24.

Born in King township, on March 24, 1888, the son of Mr. and Mrs. Wm. Sutton, he married Isobel Noble in 1907. Mr. Sutton was a teamster in Newmarket for a number of years, later turning to farming. He was a member of the Salvation Army.

Surviving besides his wife are one son, Arthur, four daughters, Mrs. Frank Newton, Mrs. D. A. Menar, Newmarket, Mrs. Frank Watson and Mrs. Walter Hayward, Toronto, one brother, Harry, and two sisters, Mrs. Albert Barber and Mrs. Willard Cook.

Capt. Arthur Robinson conducted the funeral service held on October 27. Interment was made in Newmarket cemetery.

The pallbearers were J. Moore, R. Dillman, G. Sutton, J. Sutton, M. Cook and C. Cook.

Details of the first, entirely new, postwar British car have been announced. Its outstanding features are new high standards of comfort and safety, more space for luggage and a special type independent front wheel suspension.

HOG RAISERS TO DECLARE ON MARKET PLAN

The Ontario Hog Producers' Association has submitted a hog marketing scheme to the Farm Products Control Board and a public meeting of hog producers in York county has been called for Nov. 14, at 8 p.m., in the Newmarket town hall to discuss the scheme prior to voting on it.

The Farm Products Control Board insists on at least two-thirds majority among registered hog producers before implementing the hog marketing scheme. The voting will be on the question: Are you in favor of the proposed Ontario Hog Producers' marketing scheme being brought into force in Ontario?

Only hog producers who are registered as such with the county representative will be entitled to vote and all producers are urged to register at once with their agricultural representative either in person or writing. All ballots must be forwarded to the agricultural representative's office before Dec. 8. Any ballots received after that date will not be recorded.

The proposed scheme calls for the provision of a negotiating committee comprising of three producers and three processors whose main function will be to fix prices, differentials, premiums, and discounts that shall be paid for the grades and weights of live and dressed hogs by processors. Other features of the scheme include the licensing of processors and buyers and producers, the payment of two cents on every hog delivered to a processor by the producer to defray expenses in the marketing of hogs and the expenses of the boards representing producers.

When interviewed, W. M. Cockburn, agricultural representative for York county, stated that agricultural representatives were acting in the role of neutrals. "We will conduct the vote, and organize the meetings but that is the extent of our participation," Mr. Cockburn declared.

URGES SUPPORT

A feature of the Hallowe'en program at the Memorial Arena was the ovation accorded Capt. W. Wesley Niles, M.C., recently returned from overseas. Introduced at the arena, Capt. Niles made a strong appeal for continued support of the Ninth Victory Loan.

INDUSTRY SAID ATTRACTED BY SITE IN TOWN

"We have a prospective industry for the stretch of land north of Queen St. where the old Metropolitan right of way runs," Councilor Frank Bowser told council at a special meeting Friday night. "While there is nothing definite, I believe that the site made a favorable impression. I would like council's permission to put in a couple of bulldozers to level the ground. Even if it is not taken by this industry, it will make a suitable site for some other industry."

Council members agreed and gave Mr. Bowser permission to level the ground. Since Wednesday, two bulldozers have been engaged in levelling the site, filling in the soft spots and cutting down the right of way. The site has been cleared of bush by town workmen.

Mr. Bowser, who along with Councilor Joseph Vale, chairman of the industrial committee, interviewed the representatives of the Toronto industry, said that they had nothing definite as far as the site is concerned. They had shown the site and "received the distinct impression" that it was favorable to the industry's representatives.

"However, the industry had been offered another site west of Toronto and it might prove more acceptable," said Mr. Vale. "We feel that the cost of levelling the ground is certainly worth gambling against that possibility. If the site is acceptable, a \$150,000 plant will be erected employing at a minimum 50 men but averaging considerably more."

"My suggestion is that we clear the site, photograph it, and have ground plans made which we can send to Toronto for inspection. When it is seen what the site looks like when cleared, it may help in bringing us a favorable decision."

PRESENTATION MADE TO MRS. J. W. BROWN

A presentation was made recently at the home of Mr. and Mrs. Will Curtis, Main St., when a large gathering of friends from the Gospel Tabernacle met to honor Mrs. J. W. Brown prior to her leaving for Exeter.

The evening was spent in singing and games, then the gathering was called to order by W. Stevens and Mrs. Brown was presented with a bed-room lamp and fountain pen set. An address was read by Mrs. Evans and presentation made by Mrs. L. Rolph.

Mrs. Brown replied expressing regrets at leaving Newmarket and extending a hearty invitation to her many friends to call and see her in her new home, but not all at once.

After lunch was served, all joined hands and sang Bless The Tie That Binds.

BROWNIES, IN COSTUMES, ENJOY HALLOWE'EEN PARTY

Despite the heavy rain, 21 Brownies, in costumes, attended the Brownie Hallowe'en party on Friday evening in the Salvation Army hall.

The hour was spent in games and other amusements after which Capt. Hugh Maclean, Y.P.S.M., judged the costumes. Joan Robinson was judged as having the best, Barbara Watt as original, Joan Pemberton and Eileen Irwin, as quaint.

Refreshments were served at the close of the evening and Capt. Maclean offered prayer.

Ninth Loan Sales Better Than Eighth, Applications Low

Ninth Victory loan figures for the York county north district up to Oct. 30 show the Ninth loan far ahead of the Eighth loan at the same period. So far, \$1,123,200 of a total district objective of \$3,110,000 has been subscribed. In the same period of the last loan only \$929,000 had been subscribed.

Sutton was the first district to reach its objective of \$140,000. The objective was over-subscribed by \$4,850. Maurice Tremayne is the salesman.

Newmarket has not yet reached the half-way mark. Its objective is \$420,000 and by Oct. 30, only \$176,800 had been subscribed.

Other districts: Georgina, objective, \$80,000, subscribed, \$12,300; North Gwillimbury, \$115,000, \$35,200; East Gwillimbury, \$240,000, \$67,700; Whitchurch, \$165,000, \$103,700.

Expressing surprise at the small number of applications for bonds, loan officials pointed out the purchase of a bond represents an investment at three per cent. "Interest rates on bonds are considerably lower in U.S.A. and England," one said. "The purchase of a victory bond is a sound investment from the point of view of money return, as well as from the point of view of service."

Hallowe'en Damage Small, One Complaint, Chief Says

"There has been only one complaint so far today," Chief Constable James F. Leeder declared at a late hour this morning. "The complaint was about a missing garbage can." Last year, Chief Leeder said, he had been deluged with hundreds of complaints.

"The only damage we have noted so far was on Queen St. where part of the board fence around the dump was torn down," he stated.

Chief Leeder said that in his opinion, the reason there was so little damage was that the Hallowe'en party in the Memorial arena was more attractive. "The party certainly prevented a lot of needless expense," he stated. "There was hardly anyone on the streets."

The chief constable was not depending entirely on the party to reduce Hallowe'en property damage. Six firemen under the direction of Chief Ed. Brammer patrolled the streets in military cars loaned by the camp. Twenty-five provost personnel from the camp were stationed about the town in strategic points. The school grounds were watched as was the park and other points where damage was likely to be done. In addition, the regular police force was on duty.

Rev. G. A. Stone Inducted As Rector At St. Paul's

Rev. G. A. Stone was formally instituted and inducted as rector of St. Paul's Anglican church parish at a service of institution and induction in St. Paul's last Wednesday evening. Rt. Rev. A. R. Beverley, D.D., Suffragan Bishop of the Diocese of Toronto, conducted the service.

Rev. Principal R. A. Armitage, principal of Wycliffe College, Toronto, was the guest preacher. The visiting clergy included Rev. G. H. Johnson, formerly rector of the parish and now rector at St. Chad's church in Toronto, Rev. W. F. Wixon, Rev. J. T. Coney-beare, Rev. Canon Duncan Fife, Aurora, and Rev. J. T. Rhodes.

Following the service, a reception was held in the parish hall when the opportunity was afforded the new rector to meet his congregation. Mr. and Mrs. F. S. Thompson, and Mr. and Mrs. J. O. Little received the guests and introduced them to Mr. and Mrs. Stone.

The ladies of the parish, under the direction of Mrs. S. W. Otton served refreshments.

Get Phones As Available, Bell Manager Declares

Despite the fact that the total number of telephones in Newmarket has increased to about 1,060, or 24 percent more than at the outbreak of war, there are still some 80 applicants on the waiting list for service, according to C. E. Bosdane, the Bell Telephone company's manager here.

While the problems of reconstruction are gradually being solved and an increasing supply of telephone equipment is being made available for civilian uses, it will likely be 1947 before the full post-war tempo is achieved and all new orders filled on demand, he declared.

Factors in the supply of telephone service come under several main categories: the telephone instrument itself; the lines connecting it to the exchange; the equipment in the exchange and the buildings to house this equipment. As far as possible, applicants are being handled in the order in which they applied so that those who have been waiting longest will be served first. It is pointed out, however, that requests for extension telephones in residences will have to be deferred for many months and precedence given to orders from homes in which there is no telephone at all.

The Bell Telephone Company is now completing a project which will extend and improve rural telephone service in districts served by the Newmarket exchange, said Mr. Bosdane. This work has involved the general reconditioning of telephone poles and lines in the area and the addition of some five circuit miles of new wire. In some cases lines are being regrouped in order to cut down the number of subscribers on each one and at the same time increasing the total number of lines available.

NINTH LOAN FOR RESTORATION

Describing the Ninth Victory Loan, Aubrey Davis, chairman of York County North loan committee, called it a "Restoration Loan." He said the loan monies would be used to restore veterans to civilian life, to restore trade with overseas markets, and to restore domestic industry and commerce to a peace-time basis.

The rehabilitation measures in Canada are among the best in the world if we are to believe the testimony of those who have enjoyed them. We should be most critical of the government were they not. The comprehensive program of rehabilitation which we have required for our veterans, however, costs money. The money can come from only one source, the citizens of Canada. It is being borrowed from them through the Ninth Victory Loan. Having insisted on the best for our veterans, let us show that we are prepared to pay the cost.

Canada is an exporting nation and as such, ranks high, among the exporting countries of the world in its volume of trade. Foreign markets are a necessity; without them, Canada can never prosper. Much of the Canadian market is in countries that have been ravaged by war, countries which at present can only purchase on credit. The farmer, the lumberman, the industrial worker cannot live on foreign credit. The money that is being loaned to the government through the Ninth Victory Loan will be used in part to pay the farmer, the lumberman, the industrial worker against the time when the purchasers of Canadian goods can meet their obligations. Without the funds to extend the necessary credit, Canada will lose her foreign markets.

Canada fought the war with two forces, one in the uniforms of the three services, the other in the overalls and turbans of the war worker. Canada could not provide pre-war employment at the level reached during the war years. Canada's post war economy must maintain the wartime employment level or the spectre of mass unemployment will again be very real. The money loaned to the government in the Ninth Victory Loan will be used in part to encourage new industries which can absorb surplus workers.

The restoration of Canada from a war-time to a peace-time economy will need the co-operation of every Canadian if it is to be a successful transition. The measure in which the Ninth Victory Loan is supported is the measure in which Canada can achieve the blessings of peace.

CITIZENSHIP BILL

It is not likely that any Opposition member will raise serious objections to Secretary of State Paul Martin's Canadian Citizenship Bill defining a Canadian citizen and giving recognition to definite rights and privileges pertaining to the term. For one thing, as the secretary of state notes, there are few in the House of Commons who could say just what a Canadian citizen is under existing legislation. Any move to dispel confusion will be a move in a long desired direction.

The Canadian Citizenship Bill bestows the status of a Canadian citizen on all Canadian born or naturalized Canadians now resident here, it sets up the procedure for British subjects and aliens who wish to obtain Canadian citizenship, clarifies citizenship status as provided by existing legislation, provides for automatic loss of citizenship for a Canadian citizen who stays out of the country six years without maintaining a substantial connection with Canada, grants Canadian citizenship to an alien woman who marries a Canadian citizen and grants Canadian citizenship to children born of Canadians abroad.

The only fault of the Canadian Citizenship Bill is that it was not presented sooner. If the present bill had been incorporated into Canadian law before the war, it would have done much to have provided a greater sense of unity in the fighting of the war. The fact that all Canadian born individuals were Canadian citizens, sharing a common quality of citizenship, would have acted as a barrier against the excesses that have been committed in the name of English Canadianism and French Canadianism.

SCHEME FOR HOG PRODUCERS

On Nov. 14, at 8 p.m., there will be a public meeting of hog producers of York county at the Newmarket town hall. The purpose of the meeting is to discuss the proposed hog marketing scheme. Registered hog producers will be asked to vote on whether or not they approve the plan. A two-thirds majority in favor of the scheme will bring it into effect.

The chief advantage of the scheme for the producer is that under it he would know in advance what prices he could get for his product since the prices would be set by a committee composed of producers and processors. Under the scheme, he would also have control over his product until it was actually in the hands of the processor and in this way take steps against bruising, and towards revising insurance rates.

As far as the producers are concerned, the disadvantage the scheme holds for them is that as individuals, they must submit to the prices and procedures decided upon by their representatives. While the producer is assured a choice in his representatives, he nonetheless may find himself completely out of sympathy with the policies of his representatives but has no choice except to follow them.

Briefly, the choice that the hog marketing scheme offers the producers is to either act collectively to set prices, and improve marketing conditions but lose the right to market as they wish at the price they can get, or to continue to market as individuals without the guarantee of price but retaining their freedom of action.

GOSPEL ECHOES

"Living Under Circumstances,"
By Rev. G. A. Stone, Rector,
St. Paul's church

In the heart and mind of most of us there is a sincere desire to live a life which is compatible with Christian doctrine and principle in keeping with what we believe to be the Spirit of the Eternal Christ. I am confident that there are times when we feel that our commendable desire and the actual experience of living do not measure up to the high standard which we have set before us. Then it is, as human beings, we begin to rationalize. One of the most frequent reasons advanced to plead for our failure to achieve our most sincere desire is that "under the circumstances" we could do no better.

I am reminded of a story concerning a young man and the eminent Irish Divine, Dean Swift. For many years the Dean had given the young man the benefit of his wise counsel, but all to no avail. Time after time the young man would appear before the Dean to acknowledge failure. He insisted that his intentions were always the best but "under the circumstances" he could make no headway. Late one evening he appeared in the Dean's study to acknowledge yet another failure and finishing his yarn with the customary: "Under the circumstances, Mr. Dean, I failed miserably." This time there was no counsel forthcoming from the Dean, but rising in his chair and pointing his finger at the young chap, he said, "Young man, what are you doing under the circumstances?"

What are we doing under circumstances which impede us in achieving our most sincere desire? Instead of saying that man is the creature of circumstances and living as if that were the only philosophy known, it would be nearer the mark to say that man is the architect of circumstances. It is noble character which builds an existence out of circumstances.

There is a challenge for the thinking young man or young woman! Examine your Christian doctrine; think through Christian principles; discern the Spirit of the Eternal Christ. Then, what are we doing "under circumstances?"

The Era and Express office will be open Saturday afternoon from 2 to 4.

THE COMMON ROUND

VICTORY LOAN

Victory is a wonderful word, isn't it? We have learned more of its meaning after years of war than any dictionary, however reliable, could teach us. But the word, Victory, would be as sounding brass and tinkling cymbal if we took no means of implementing it with what should be the fruits of victory. Already there is dissatisfaction in many quarters regarding our re-conversion to a peace time economy. One feels that many of the complaints have a solid foundation in fact.

War seems to have a strange effect on peoples and nations, aside from the devastating effect on lives and lands. I mean speech inflation. It seems to distort well known facts. We all knew what followed the last war, the promises to the returned men which were never fulfilled; the civilian attitude of

EVEN if there were no other reason for buying all the bonds you can in the 9th Victory Loan, it should be reason enough that men wounded and disabled in action must continue to have the best of care.

Our debt to them is but one of Canada's obligations to all who served, and are still serving, in the armed forces.

Investing our money is after all a small way of repaying a debt which cannot be measured in money. But it is concrete evidence we recognize the debt and that we will not fail to meet the obligation it brings us.

Put all you can into the 9th Victory Loan. Set your personal objective higher to reach and pass the higher objective of the loan.

ASSISTANCE SOUGHT FOR SCOUTS, CUBS

Scoutmaster B. A. Budd reports that he is in the need of additional leaders to help with the Boy Scouts and Cubs. C. Wass has been giving considerable time to the Scouts and Cubs, Mr. Budd stated, as have Wm. Revell and Gordon and Donald Cockburn, the last three recently returned from overseas. "As much as these boys and Mr. Wass have assisted me, I still need more leaders," stated Mr. Budd.

The Boy Scouts and Cubs meet every Friday in the Boy Scout hall. David Hood, who has helped Mr. Budd in the hall, is at present in Christie Street hospital. Should any of the boys wish to write him, Mr. Budd has the address.

DOUBLE RING RITE IN NEW TORONTO

A pretty double-ring ceremony was solemnized at St. Margaret's Anglican church, New Toronto, on Sept. 8, 1945, when Barbara Olga Hudson, daughter of Mr. and Mrs. Albert Hudson, Long Branch, was united in marriage to Norman Burt Hughes, son of Mr. and Mrs. Walter Hughes, Newmarket. Rev. R. T. C. Dwelly officiated and Mrs. S. Chamberlain was organist. Miss Lillian Meredith, soloist, sang Ave Marie and O Perfect Love. The bride, given in marriage by her father, wore a white French silk organza over satin, fashioned with tight bodice, bouffant skirt and sweetheart neckline. Her long net veil was caught to a Mary Queen of Scots headdress and she carried a cascade bouquet of deep red roses, baby's breath and maiden-hair fern.

The groom's sister, Mrs. Robert Watts, Toronto, attended the bride as matron of honor, gowning in shell pink chiffon, matching gloves and flowered headdress with short matching veil and carried pink tea roses and baby's breath. Miss Sue Neil and Miss Evelyn Hotchkiss were bridesmaids in pale green lace and pale mauve lace respectively. Both wore matching gloves and flowered headdresses with short veils and carried pastel gladioli and baby's breath. Little Sandra Smillie was flower girl in daffodil yellow taffeta with orchid velvet hair ribbon and carried a colonial nosegay of mixed flowers. Stanley Cumber, Newmarket, acted as best man and the ushers were Brian Smillie and Frank Crocker.

At the reception held at Kilcooley Gardens, Mimico, the bride's mother received in a rust ensemble, brown accessories and corsage of Talisman roses. She was assisted by the groom's mother in fuchsia crepe dress, black accessories and a corsage of matching gladioli. For travelling the bride donned a beige wool suit, brown accessories and Kolinsky furs, the gift of the groom. On their return from a honeymoon at Algonquin Park,

AURORA SCENE OF PRETTY WEDDING

A pretty wedding took place on Wednesday, Oct. 17, at Aurora United church, when Alda Muriel, daughter of Mr. and Mrs. Loy Carr, Geraldton, became the bride of Douglas Bilbrough, son of Mr. and Mrs. Charles Bilbrough, Tyler St., Aurora. Rev. Roy Hicks performed the ceremony. Mrs. James Emmons was at the organ and Mrs. Jean Morley was soloist. The church was decorated with fall flowers and ferns.

The bride, given in marriage by her father, wore a white satin fitted gown. Her floor-length veil was in halo effect and she carried pink roses. She wore a shoulder-length veil caught to her head with blue ostrich tips and carried red roses. Miss May Fisher and Miss Pat Bilbrough were bridesmaids, the former wearing a floor-length pink organdy gown and the latter in blue crepe. They wore shoulder-length veils caught to their heads with matching ostrich tips. They carried bouquets of mixed flowers. Mr. Eric Bilbrough was best man and the ushers were Mr. Frank Patrick, Mr. Robt. Brown, Mr. Bert Wilson and Mr. Ritchie Carr.

MAGISTRATE'S COURT Remanded One Week On Assault, Traffic Counts

Charged with dangerous driving, careless driving, failing to produce an operator's license, and assaulting an officer, Clarence Wilson was remanded one week by Magistrate W. E. McIlveen in magistrate's court here Friday. The charges were laid by Constables William Hill and Carl Morton.

At the conclusion of the court, Crown Attorney Arleigh Armstrong announced that the next court would be held in the council chambers over the fire hall, Main St., Newmarket.

A charge of having liquor in an illegal place against Wm. Morton was dismissed by the magistrate. Constable Hill testi-

fied that he had seen accused with a bottle of liquor in his hand outside a dance hall in Belhaven and that when he parked his car and went back, he found a bottle of liquor beside a lamp-post. "Accused later admitted ownership of the liquor," the officer stated.

Accused told his worship that the liquor was in transit. He said he had bought the liquor in Lindsay and was bringing it to a man on whose behalf he had bought it. "I am giving you the benefit of the doubt this time but not the next time," said Magistrate McIlveen. "There should be no liquor about a dance hall."

Pte. J. Armstrong, remanded for judgment on a charge of having forged a cheque for \$18.58, was given six months suspended sentence. Court was told that restitution had been made.

A charge of being drunk in a public place and a charge of assault against a 19-year-old soldier was dismissed by Magistrate McIlveen on the grounds that there was no evidence to support the charges. The accused was remanded for judgment on a third charge of having destroyed public property, the fixtures in a police cell.

Accused stated he had drunk too much and did not know what he was doing.

PIG STARTER

It's no exaggeration to say that the pig is the fastest growing farm animal. Little pigs that get the extra advantages of Balanced Feeding, the SHUR-GAIN Way will almost pop their skins, they grow so fast!

Little pigs, beginning to eat solid food at the early age of three weeks, need a food that will not upset delicate digestions. They need a food that will bring them along, adequately, without a set back, as their mother's milk begins to fail. They need a food that's palatable and nutritious, to get them used to solid feed, and off on a flying start on the road to Select grades.

Little pigs need SHUR-GAIN 18% Pig Starter to supply them with all the quality proteins, minerals and vitamins for adequate nutrition.

SHUR-GAIN Pig Starter costs you less — for it's a Balanced Feed, and that means greatest feeding value for your money. It's a wise investment, when you purchase SHUR-GAIN Pig Starter!

What!

ANOTHER Victory Loan!

Yes...and HERE'S WHY!

Six years of war have cost Canada a tremendous sum of money... much of which remains to be paid.

Money is needed to co-operate with our allies in providing essential help which liberated countries sorely need. (This, in turn, will aid in maintaining good prices for Canadian farm products and help ensure a high level of employment for workers in Canadian factories.)

Men and women who have served in the armed forces must be re-established in civil life.

So... to provide this money... we must buy more Victory Bonds.

Like all previous Victory Loans, the 9th Victory Loan is an obligation which we in Newmarket must share together with all loyal Canadians... another opportunity, too, for each of us to add to our savings.

And if we save now, and put off buying everything we can do without until things become plentiful, we will help to keep down the prices of things we want and need. That, too, is an obligation for every one of us. Meantime, our savings invested in Victory Bonds will pay us 3 per cent interest... double bank interest.

Bear in mind that this is the last opportunity we will have to buy Victory Bonds for a whole year. That is why we are all expected to buy double this time. The same rate of savings, as in previous loans, will pay for twice as many bonds over the 12-month period.

Farmers Can Buy
Victory Bonds

ON CONVENIENT DEFERRED
PAYMENTS
Through Any Bank

... just sign a short form letter which Victory Loan Salesmen carry (banks have copies) ordering the bank to buy Victory Bonds for you. Pay 5 per cent balance at any time during the next 12 months. The interest the bonds earn pays the interest on the bank loan.

WE IN NEWMARKET MUST

SERVING AURORA AND DISTRICT

Back From Overseas

More Aurora and district boys have arrived home since last Thursday. Chief Constable Fisher Dunham and family motored to London to welcome their son, Tpr. Bert Dunham, 1st Hussars, who arrived at M.D. 1 Depot. Bert celebrated his 23rd birthday on Oct. 28. It was his fifth in uniform. Tpr. Dunham enlisted in 1941, going overseas that November after training at Camp Borden. He went into action with his unit on D-Day and was slightly wounded last year. He saw action in France, Belgium and Germany.

Pte. Ernest Davis, son of Mr. and Mrs. Walter Davis, arrived in Toronto on Sunday with the Toronto Scottish. Pte. Davis was employed with Collis Leather Co. when enlisting in August, 1943. He went overseas in December of that year, being posted to the 48th Highlanders in Italy. He was wounded twice within a month in the fall of 1944. Recovering from his wounds he was transferred to the Western Front where he again saw action. Tpr. Raymond White, one of three Aurora brothers to serve overseas, returned on Tuesday. A former member of the Aurora football club, he was a member of the Irish Regiment, N.P.A.M., when he enlisted with the 1st Hussars in 1941. He went overseas the same year, and after being in England saw action on the Continent from D-Day onwards. His two brothers, Wilfred and Claude, preceded him home.

Public School Students Parade Town In Costume

Aurora public school children enjoyed their annual parade and frolic yesterday. In the afternoon the junior rooms held parties in their rooms and prizes were awarded for the best costumes. In the evening the balance of the school assembled in their rooms for a party and costume judging following which the children paraded throughout town.

Elfs, witches, spooks, Little Red Riding Hood, Mother Goose, hoboes, rhapsies, animals and many original costumes were on display.

Prizes of war savings stamps were presented at the school. The parade moved to the Mechanics' hall, where the Aurora Lions club had a program arranged and presented further prizes to the children. Lions Leonard Simmons and Garret Barrager were in charge.

Cups won at the public school field day were presented by Mayor Ross Linton, Dr. C. J. Devins, Principal J. G. McDonald and Hugh McRae. Music and the showing of motion pictures depicting various events in the life of the town were enjoyed.

Any ex-members or present members of the armed forces are requested to drop in to Mr. Duffield's store on Yonge St. and talk over the matter at any time.

"As soon as we get the views of the boys, and what they want done, we can call a meeting to bring as many as possible together, with perhaps a guest speaker," Mr. Duffield said.

Meanwhile Mr. Duffield and the members of the organization are getting ready for an appropriate service at the Aurora War Memorial for Remembrance Day, Nov. 11, when all veterans and armed forces personnel will be asked to turn out.

CAR OVERTURNED IN YONGE ST. COLLISION

A serious accident was narrowly averted on Saturday evening at the corner of Yonge and Wellington Sts. A car turning south on Yonge St. from Wellington St. E., driven by R. Woodcock, Toronto, collided with a northbound car driven by C. Keershaw, Keswick. The Keershaw car turned over on its side, with a considerable breakage of glass but neither the driver nor passenger were injured. County Constables Aubrey Fleury and Ronald Watt and Constable James Goulding investigated. It is understood no charges are being laid.

St. Andrew's College soccer team defeated Aurora high school 2-0 in an exhibition game at the college last week. The local schoolboys lacked practice and could not get their combinations working. AURORA PAID CIRCULATION EXCEEDS 300 COPIES

ASKS SUPPORT OF NEW VETS. IN ASSOCIATION

George Duffield, president of the Aurora War Veterans Association, would like to contact as many Aurora servicemen and women as possible to get their views on how best the local organization can be re-organized.

"Our organization has grown smaller, and our members are getting older," he said. "Most of us feel that the veterans of the present war should take over the organization. We vets of the Great War, will do everything possible to assist them and will still be associated with the organization, but with the war ended and many of our boys home from overseas and discharged, I feel it is time that old sweat and the young ones combined. There is no reason we couldn't have a good club room here in a separate building if we go after it. A permanent club room is the best way I know of holding an organization together, and I know those discharged would appreciate meeting with their comrades."

"There is also the question of whether or not the local branch, which is affiliated with the York County War Veteran's Association, should not be a branch of the Canadian Legion, or the Canadian Corps, or affiliated with some larger body," Mr. Duffield is obtaining all the facts about the larger organizations both pros and cons.

Any ex-members or present members of the armed forces are requested to drop in to Mr. Duffield's store on Yonge St. and talk over the matter at any time.

"As soon as we get the views of the boys, and what they want done, we can call a meeting to bring as many as possible together, with perhaps a guest speaker," Mr. Duffield said.

GOBLINS DANCE IN HIGH SCHOOL HALLS

Complete with ghost walk, spooks, witches, black cats and all the usual Halloween trimmings, Aurora high school students held their annual Halloween dance and frolic Friday evening in the school auditorium.

Mr. Maughan expressed confidence the objective would be reached, although there was still a long way to go.

Organizer Rests As Canteen Closes After Long Service

The closing of the active service canteen on Adelaide St., Toronto, which has been a haven for hundreds of thousands of Canada's fighting sons since 1939, leaves Mrs. S. C. Snively of Wilcox Lake a few weeks of leisure in her busy life before doing hospital work in the new year. It was Mrs. Snively who was selected by the Toronto citizens' committee to organize the canteen, and since then she has spent every Christmas, New

Years and holiday in the canteen. In fact she has been on duty part of each day except for three days last winter when she was snowbound at home. In addition she has headed the Oak Ridges Red Cross. She has done all types of work at the canteen, including the most menial tasks. A son, Capt. Douglas Snively, paid the supreme sacrifice and another son, Lieut.-Col. Turnbull Warren, has lately returned home.

DOWN THE CENTRE

Billy Mundell, one of the most promising young puck-chasers of the district, has been working out with Marlboros' junior "A" team at Maple Leaf Gardens and while he may be a bit young for junior "A," he has displayed enough skill for Manager Harold Ballard and Coach Bob Davidson to request the Aurora lad to keep turning out. It will be a tough blow for Richmond Hill and Coach Charlie Rowntree if Mundell is lost to the Hill team this winter for he figured largely in their plans.

Marlboros threaten to take a whole line from the Hill too. Johnny Sullivan, son of Frank "pinch-hitter" Sullivan of Varsity fame, who played with the Rowntree clan the past two years, is booked for the Dukes. Also showing great promise is lanky Bob Hassard who last year at 15 ranked with the best wingers in the group. Sullivan was expected to leave but Mundell and Hassard were definitely on the list that Jimmy Grainier was so proudly displaying a few weeks ago.

Next Sunday, Nov. 3, the Hillbillies will hold their first practice of the year at Ravina rink from 4 to 5 p.m., and any North York boys who wish to try-out will be welcome. Following that practice and the opening of the junior "A" schedule a better line on the Hill talent will be available.

Markham Juniors have already had two practices on artificial ice and Coach Doug James is trying hard to keep the accent on more or less homebrew talent. Carl Sellars, the good net-minder of the past two years and who played ball for Milliken seniors the past summer, is back in the nets, while the Forgie brothers, Bruce and Howard, were also out. Howard, the youngest, was one of the best in the group last winter, while

Bruce, just out of the navy, is one of the better Markham players of war years.

Most of the players came from the village itself, Markham township, Unionville, Milliken and Agincourt, reminiscent of the days in the late '30's when Markham boasted a team drawn from the district which could hold its own with the best. If the noble experiment of playing O.H.A. hockey with purely homebrews doesn't look as it will work, the Toronto-East York contingent will be added. That's what is almost bound to happen before the winter is out. One thing is sure, there will be more local boys on the team than in some years.

Stouffville Juniors are scheduled to meet Coach Eddie Crouch on the ice early in December. The Stouffville team looks as if it will definitely have to be a homebrew team with Markham on the south and the Hill on the west to bar the way for playing material. It has been quite a few years since the Uxbridge district produced any players of ability. Uxbridge, with a good rink, must be about ripe for a return to organized hockey but so far all is mum about the plans for this winter.

Nobody seems to know for sure if junior hockey will be seen in Newmarket this winter. The answer appears to be "no" with strong minor teams in three series and probably intermediate hockey. The O.H.A. picture for Aurora is all in the rumor stage, but try and pin anybody to something definite. Newmarket is keeping a weather eye cocked on Aurora, for neither town wants to buck the other in the O.H.A. from the standpoint of players and gates. The past has proved the wisdom of this. It looks very much as if practically the entire district will be organized and ready to go before the "twin towns" decide what they want to do this winter.

Softball may not be seasonable but we can't help putting in a plug for the Schomberg Ladies' Softball club, which started playing late in the year and won eight of 11 games played. The club is determined to do better next year, and have already raised close to \$100 for new uniforms and equipment for next season. It expects to be included in the Beeton-Alliston circuit next year.

Peggy Fuller handles the catching assignment, and is one of the team's leading hitters. The past year she bashed out four homers. She possesses plenty of pep and makes a good field general. Tiny Graham handles the pitching chore and when in the mood can whiff the best of them. The infield is composed of Irene Davids, first base, Ethel Moody, second, Valerie Hunter, third, and Audrey Ellison at short. The quartette are pretty neat fielders, with Audrey without an error against her. Valerie Hunter is the well-known teen-age musician and dancer.

The outfield is composed of Lois Stonehouse, Shirley McLeod, Effie Dove, with Barbara Oldfield and Ruby Cabel in reserve for both infield and outfield. Effie is one of the fielding stars of the team, and the out-gardeners are all good hitters. Some of the girls are married but family life hasn't deterred their ambitions, and they set an example to the single femmes on the team. We won't mention the marital status of any of the individual players lest we make a wrong assertion, for wedding bells seem to be ringing fairly consistently right now. Schomberg would like to meet other teams including Newmarket next year, so Del. Gibney, Jack McDonald, and the rest can keep the fact in mind.

Just by way of closing all references to softball, Jeanne Channon of Uxbridge ended her first year in senior softball by winding-up as a member of the Sunnyside champions, with a fine pitching record. Bucky Buchowsky, who played both softball and baseball for Newmarket camp a few years ago,

and was potent affield and at bat, ended his army softball career as a member of the Queen's Own Rifle team, which won the Canadian army overseas crown for 1945. Remember Vlda Gowland of Markham? Back in the '20's she was one of the greatest girl athletes of the district especially in hockey and softball, and was one of the first North York girls to invade senior ranks in Toronto and make good. Last week we saw the Gowland physog peering at us from the second section of the Globe. The Markham girl is on the switchboard at Toronto Police Headquarters, and according to the pix hasn't changed a bit which is more than most of us can boast about.

Marg. McCannan, as per usual, leaves the softball diamond for a few weeks' breather before entering the basketball whirl in Toronto.

COMMUNITY ORGANIZATION

By ORVILLE GANTON

Community organization is often a double-barreled dilemma and disappointment to many; first, because society does not work in a co-ordinated way and second, because there is no figure or person in any community that we can look to who represents human maturity. We are shadowy figures in a community play that no man intended and in which we should move forward one step at a time keeping our fingers crossed. It is said that in this period of continuing emergency every proper adult should concentrate his energies on political change. It is obvious that the community is at the mercy of the national state. But, it is not true that changes take place only at the top, or necessarily follows an obvious lead.

Intellectual and manual workers alike must get their fingers into the clay of everyday affairs, shift the sods in a real garden, feel at home in a world of necessary change. The problem for thinking people now resolves itself into that of community organization. Social and personal need not merge in neighborhood relations. One step toward the world of tomorrow can and should be taken in the community field. That reasonably hopeful minority can and must be brought together not on the grounds of political or other agreement, but strictly on the project basis.

Concepts, plans, projects so necessary in a progressive community are often called idealistic and channeled into desert sands. Hence, we become rebellious and look to world reform rather than to developments on our own doorstep. It should be said that the Canadian community is a cultural corpse, which at some peril to ourselves, we dress up in all the finery of tradition and endow with our vitality.

We have come through a crisis when individuals as well as classes and nations, responded to a call for maximum constructive effect. Voluntary service was not confined during these years to idealistic, bored or scheming persons. Much was learned by those who helped on voluntary committees. That knowledge should be applied now to the study of, and experimentation with, functioning community groups and not allowed to slip back into social cynicism and self-interest. Persons experienced in any form of local organization, from sports groups to political clubs, know what brings people together. The local business man with his church and service club affiliation can be introduced to new circles, be induced to share in projects more broadly based, more culturally inclusive.

What is needed in community planning is an overview. John Citizen and his wife will obtain such an overview of neighborhood and region as they come to participate in community organization.

DISCHARGED PERSONNEL MAY RETURN TO OLD JOBS

The Reinstatement in Civil Employment Act, passed by Parliament in 1942, sets forth conditions under which employers MUST REINSTATE their former employees in their employment after discharge.

This Act and its Regulations are administered by the Dominion Minister of Labour, through the National Employment Service. Reinstatement Officers are available in the National Employment Offices to answer inquiries, and assist in adjusting cases.

Employees—either men or women—are to be reinstated if:

- (a) they worked for their employer 3 months immediately prior to enlistment, and were not replacing another employee who has since been reinstated;
- (b) they left their employment to join the Armed Services, the Merchant Marine, or the Fire Fighters Corps;
- (c) they apply to their employer for reinstatement, verbally or in writing, within 3 months following discharge in Canada or 4 months if discharged Overseas.

Provision may be made for extension of time if the employee's health prevents him or her from returning within the specified three months. In this event, the employer must be advised within the 3 or 4 months, as the case may be.

The following points in the legislation are also important:

1. Discharged men and women upon reinstatement are to be given conditions not less favourable than would have been enjoyed had they continued in employment instead of joining the Forces.
2. The period of time spent with the Armed Services is to count for seniority rights, pension rights, vacations with pay, and certain other benefits.
3. Discharged personnel who cannot perform their former duties are to be reinstated in the most suitable employment available, at which they are capable of working.
4. If an employer dismisses a reinstated employee within 6 months, he must be able to prove in court that he had reasonable cause for so doing.

ALL EX-SERVICE MEN AND WOMEN ARE URGED TO USE THE FACILITIES OF THE NATIONAL EMPLOYMENT SERVICE WHEN LOOKING FOR WORK.

ONTARIO FARM PRODUCTS CONTROL BOARD

G. F. PERLIN

CHAIRMAN

THE WARTIME PRICES AND TRADE BOARD FARMERS' BULLETIN

FARM MACHINERY OFF RATION LIST

All rationing controls have been removed from sales of farm machinery, and restrictions on the production or importation of such machinery have been lifted.

Price controls remain. Generally, maximum price for farm implements is the price at which such items sold during the basic period, August 15—September 11, 1941. Quoted prices do not include cost of delivery to the purchaser.

Under Consumers' Credit Order No. 225, section 10, terms of sale for farm machinery are: 1/3 of quoted price paid in cash; the balance of the credit price to be paid within two years of the date of the contract in stated amounts at specified dates. Any allowance for a trade-in is to be deducted from the unpaid balance.

Despite the lifting of production restrictions, it is expected that the shortage of components such as malleable castings and sheet steel will limit the maximum output of farm implements during the year July 1, 1945, to June 30, 1946, to a 24% increase (on tonnage basis) over the output in the preceding 12 months.

Farmers' Poultry Prices

Farmers selling all types of poultry, except turkeys, direct to consumers are permitted a 25% markup over the wholesale ceiling prices established for the zone in which they are located. Turkey producers are allowed a 20% markup over the wholesale level.

Potato Storage Allowance (Order A-1560 now in effect)

A storage allowance of 5c per 75-lb. bag of potatoes and 7c per 100-lb. bag is allowed on November 1. Another 5c per 75-lb. bag and 6c per 100-lb. bag may be added on December 1, and another 5c per 75-lb. bag and 7c per 100-lb. bag on January 1, 1946. There will be no storage adjustment for February but monthly increases will be resumed on March 1.

FARMERS' RATION COUPONS

Coupons covering farmer sales or farm household consumption of meat and butter, and sales of preserves must be forwarded to Local Ration Boards in primary producers' envelopes (RB-61). Reports for November should reach the Local Ration Boards not later than December 10. Following are the valid coupon dates for November:

	MEAT	BUTTER	SUGAR	PRESERVES
November 1.....	M 9	128
" 8.....	M 10
" 15.....	M 11	129	66, 67	P 20, 21
" 22.....	M 12	130
" 29.....	M 13	131

Farmers are required to send in "M" coupons to the Local Ration Board for meat they consume, and meat they sell to farmer neighbours at the rate of 4 lbs. per coupon. Farmers who slaughter meat need not turn in at the end of the month more than half the valid meat coupons in the ration books of their household. Farmers who purchase meat from other farmers must surrender to the selling farmer one meat coupon for every 4 lbs. of meat purchased, even if this means surrendering coupons not yet valid.

FARM SLAUGHTERERS

Farmers who slaughter for their own household consumption or for the consumption of their farmer neighbours, are not required to hold a slaughter permit. Any excess of farm slaughtered meat over the farmer's or his neighbour's needs may be sold only to the holder of a regular slaughter permit in quantities not less than a quarter of Beef or a side of Pork. Sheep, lamb or calves slaughtered by the farmer for his own or his neighbours' use may not be sold into the meat trade.

Licensed slaughterers' quotas for cattle have been temporarily suspended and until further notice a licensed slaughterer may slaughter all the cattle needed for his requirements.

Rationing

is your assurance of a fair share. is a protection against waste... shortages... inflation. That is why farmers are asked to continue to collect and turn in coupons to their Local Ration Boards—once a month—in the RB-61 envelope.

For further information apply to the nearest office of the Wartime Prices and Trade Board.

Helps Check Colds Quickly

You can often check a cold quickly
if you follow these instructions.
Just as soon as you feel the cold com-
ing on and experience headache, pains
in the back or limbs, soreness through-
out the body, take a Paradol tablet, a good
big drink of hot lemonade or ginger tea
and go to bed.
The Paradol affords almost immedi-
ate relief from the pains and aches and
helps you to get off to sleep. The dose
may be repeated, if necessary, accord-
ing to the directions. If there is sore-
ness of the throat, gargle with two
Paradol tablets dissolved in water. Just
try Paradol the next time you have a
cold and we believe that you will be
well pleased. Paradol does not disap-
point.

In Memoriam

Black—In ever loving memory of a dear husband and father, Wm. Black, who passed on Nov. 5, 1940.

Oh for the touch of a vanished hand

And the sound of a voice that is still

Till the day break and the shadows flee away.

Ever remembered by wife and family.

Burrows—In loving memory of Flt.-Sgt. Donald Eugene Burrows and members of his crew, killed on air operations over Germany Nov. 4, 1944. Buried in the Henri Chapelle cemetery No. 1, Belgium.

All you had hoped for, all you had you gave

To save mankind—yourself you scorned to save.

Warm summer sun, shine kindly there.

Warm summer wind, blow softly there.

Green sod above, lie light, lie light.

Good-night, brave heart, good-night.

Mother and brother, Bill

Green—In loving memory of Pte. Frank J. Green, killed in Oct. 31, 1942, dearly loved son of Mrs. Emma Green, Bracebridge, and dear brother of Mrs. Wellington B. Green, Percy, and James, and Mrs. J. P. White, Newmarket, and uncle of Eva, Mrs. Norman J. Grant.

Gone but not forgotten.

Green—In loving memory of my dear father, Pte. Frank J. Green, who was killed in action Oct. 31, 1942, and buried in England.

Sadly missed by daughter, Marion.

Hugo—In loving memory of mother, Ida Hugo, who passed away Nov. 4, 1943.

While you, dear mother, rest and sleep,

Your loving memory I'll always keep.

Loving daughter, Winnie, son-in-law, Vern and grandchildren.

Hugo—In loving memory of mother, Ida Hugo, who passed away Nov. 4, 1943.

Nothing can ever take away

The love a heart holds dear.

Fond memories linger every day

Remembrance keeps her near.

A. Kester Hugo

Lloyd—In loving memory of my dear mother, Mrs. Louise Lloyd, who died Oct. 29, 1944.

The depths of sorrow I cannot tell,

Of the loss of one I loved so well,

And while she sleeps a peaceful sleep,

Her memory I shall always keep.

Ever remembered by her son.

McGhee—In fond and loving memory of a dear husband and father, Wm. McGhee, who passed away Nov. 5, 1944.

With tears we watched you sinking,

We watched you pass away.

We tended to you with loving care,

But could not make you stay.

We watched beside your bedside

As the lonely hours passed,

And how our hearts were broken

When we saw you breathe your last.

Sweet is the spot where you are laid,

Many a visit in silence is paid,

To lay down a flower in remembrance of thee,

Never forgotten nor never shall be.

Sadly missed and lovingly remembered by his wife and daughter, Myrtle.

McGhee—In proud and loving memory of a dear son and brother, Bill who passed away November 5, 1944.

We are thinking of you today, Bill,

Thinking of you and the past,

Picturing you in our memory,

That Sunday we saw you last.

We do not need a special day

To bring you to our mind,

For days we do not think of you

Are very hard to find.

If all the world were ours

We'd gladly give it and more,

To see that face of our dear Bill

Come smiling through the door.

Lovingly remembered and sadly missed by mother and family.
